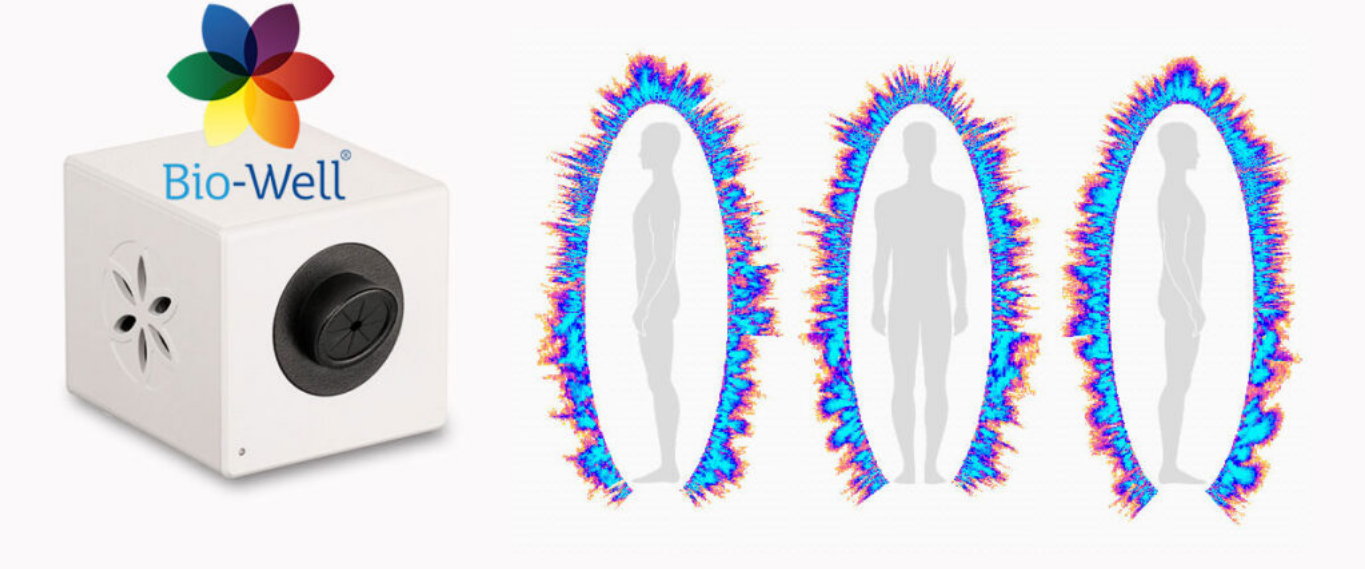
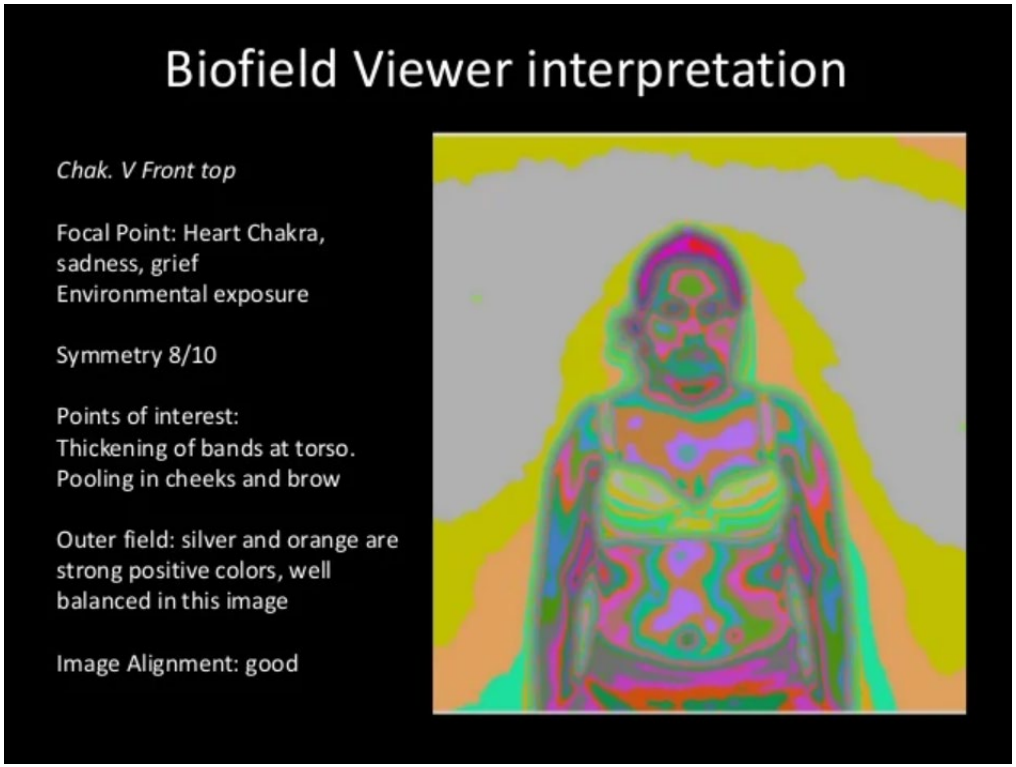
Phantom limb syndrome: a person feels sensations and sometimes pain in a limb or body part that has been amputated or is missing

Technologies – GDV (Gas Discharge Visualization)



- **Gas Discharge Visualization (GDV),** developed by Konstantin Korotkov, captures electron flows from the surface of the skin, induced by short voltage pulses. https://gdvcamera.com/
- **A well-known aura reader, Rosalyn L. Bruyere**, who participated in the research on human energy fields by Dr. Valerie Hunt of the UCLA, describes GDV as an accurate tool in predicting her own health conditions in the future.

Technologies – Biofield Viewer



- Developed by Harry Oldfield and Thornton Streeter (https://biofieldviewer.com/)
- Aura readers can see aura colors from black and white photos

Scientific studies on Om suggest that the mental repetition of Om results in a physiological state at one time characterized by reduced physiological alertness, increased sensitivity as well as synchronicity, as well as changes at specific levels along the auditory pathway suggestive of increased sensitivity to sensory transmission.

Technologies – Biofield Healing

Health Conditions

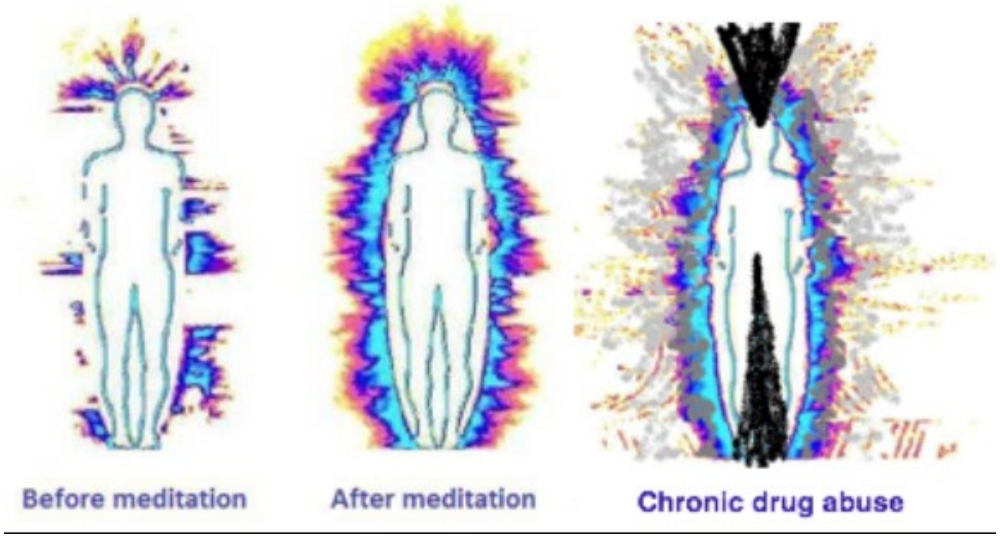
- Pains – Aura readers often have more accurate assessment on pains when compared with MRI results, according to "The Diagnostic Validity Of Human Electromagnetic Field (Aura) Perception" in a study led by Steven Amoils, MD

- Cancer, an anecdotal story – Barbara Brennan, former NASA scientist, aura reader, author of *Hands of Light.* But also see "Biofield therapies and cancer-related symptoms: a review." October 2014. *Clinical Journal of Oncology Nursing*. https://pubmed.ncbi.nlm.nih.gov/25253110/

- Detection of other health issues – Bronchial asthma, allergic reactions, lung cancer, breast cancer, chronic viral hepatitis, etc. "Comparison and performance evaluation of human bio-field visualization algorithm." November 2019. *Archives of Physiology and Biochemistry* o(o):1-12

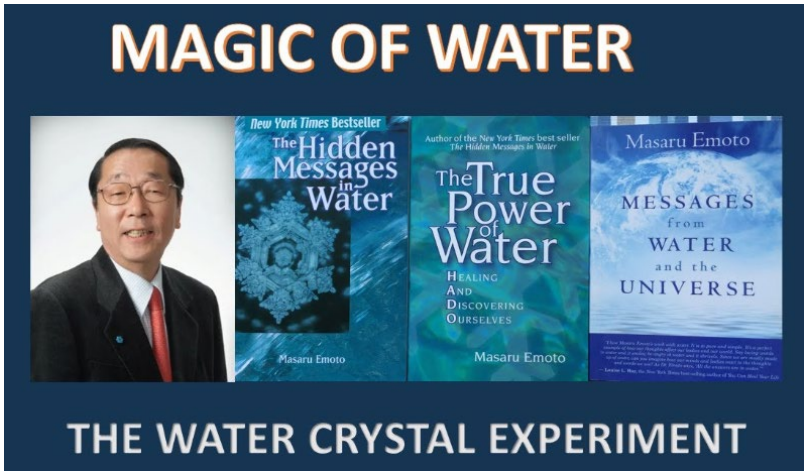
Effects of Alcohol and Drugs

- **Alcohol** – makes aura ugly, according to multiple aura readers
- **Drugs** – worse than alcohol. Hallucinogenic drugs damage the astral body, or the human energy fields of a person and it would take a few generations or reincarnations to restore them. (Thiaoouba Prophecy)

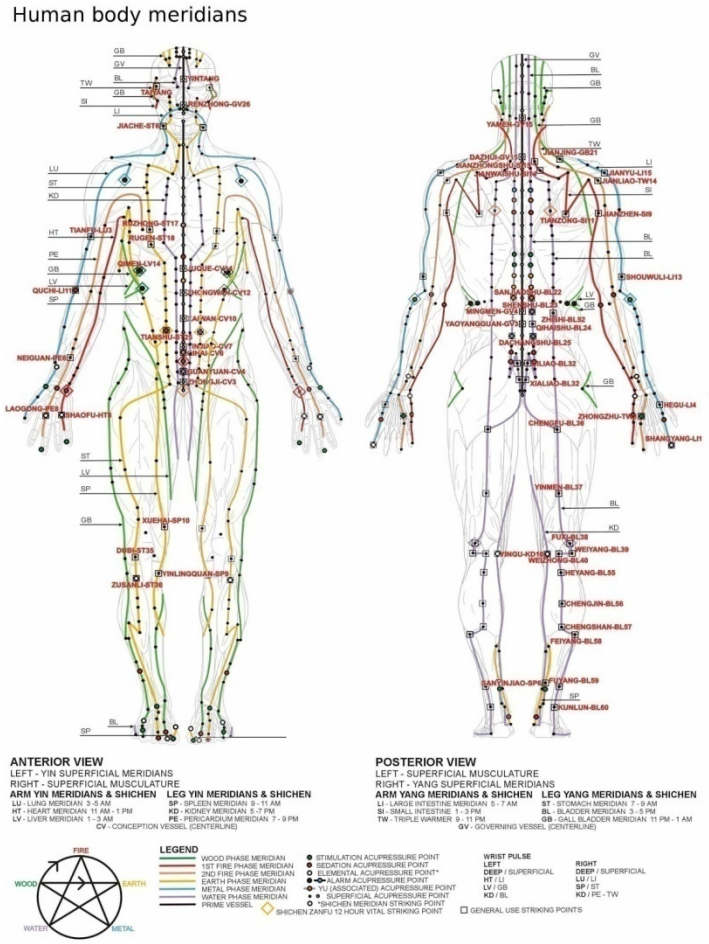


Vibrational Therapies

- Color of Energy (氣色) – Ancient doctors could see the colors of the human energy fields
- Acupuncture – Removes energy blockages
- Meridian and acupressure points based on symptoms – when doctors lost the ability to see auras
- Medicinal herbs – chemical properties and physical properties (vibrations)
- Water becomes the carrier of the vibrations when herbs are boiled. See Dr. Masaru Emoto's books on the water crystal experiment.



Acupuncture - Meridians



- Needles
- Moxibustion – burns mugwort, or artemisia
- Massage

Medicinal Herbs

- Chemical properties: Herbs that turned to pharmaceutical drugs

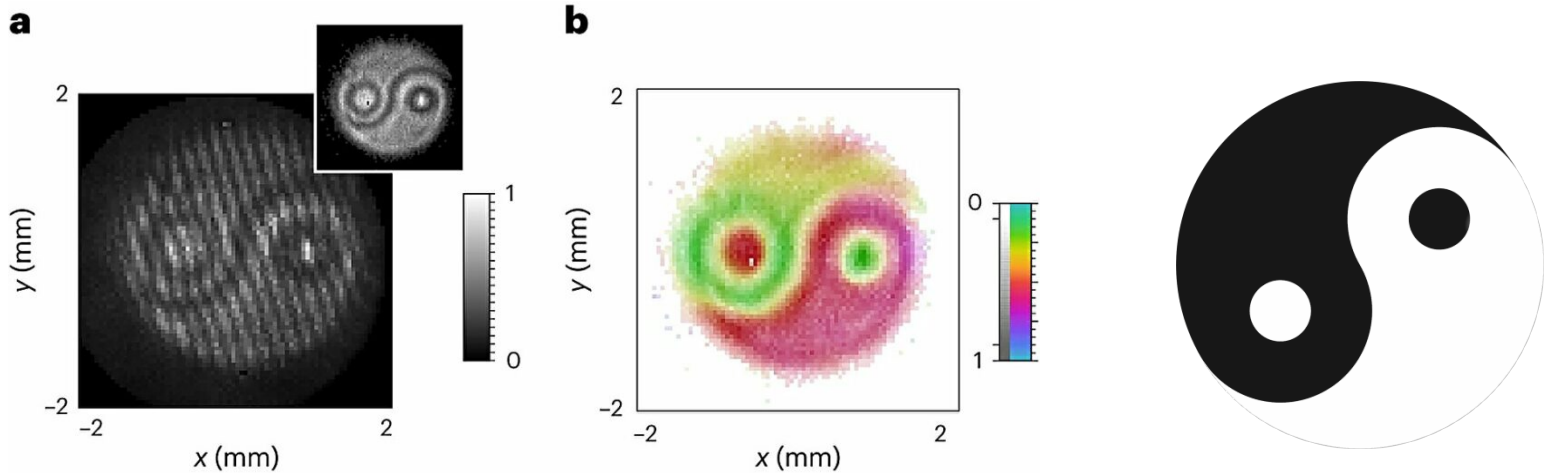
Herbs	Pharmaceutical Drugs
Taxus brevifolia	Paclitaxel (for lung, ovarian & breast cancer)
Artemisia annua	Artemisinin (for malaria)
Silybum marianum	Silymarin (for liver diseases)
Callistemon citrinus	Nitisinone (for antityrosinaemia)
Galanthus nivalis	Galantamine (for Alzhemer's)

Medicinal Herbs

- Physical properties: Medicinal herbs have specific vibrational frequencies, and they can be identified using molecular vibrational spectroscopy (Fourier Transform Raman Spectroscopy and Fourier Transform Infraed Spectroscopy) (https://pubmed.ncbi.nlm.nih.gov/12938320/ &https://pubmed.ncbi.nlm.nih.gov/12953487/)

- Other Ways of Taking Advantage of the Physical Properties of Medicinal Herbs:
  - Herbal bags (heating or without heating them)
  - Essential oils

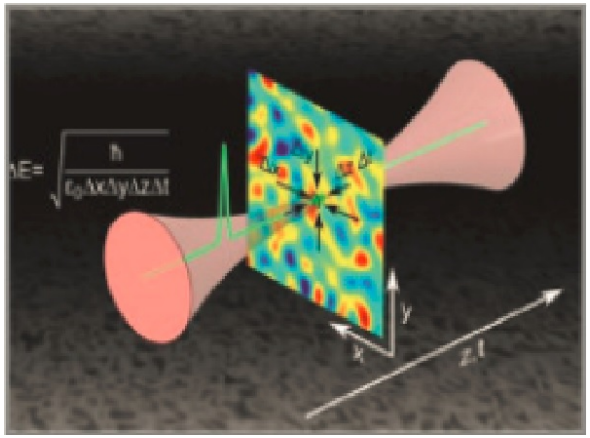
Concepts of Yin & Yang



- Quantum entanglement, real-time visualization of the wave function of entangled photons (Biphoton state holographic reconstruction. Credit: Nature Photonics.) vs Tai Chi Symbol

Torsion Fields (Negative and Positive)

- Torsion Field – formed by the quantum spin of particles that causes emanations to carry information through vacuum orders of magnitude faster than the speed of light



Left Turning	Right Turning
Negative	Positive

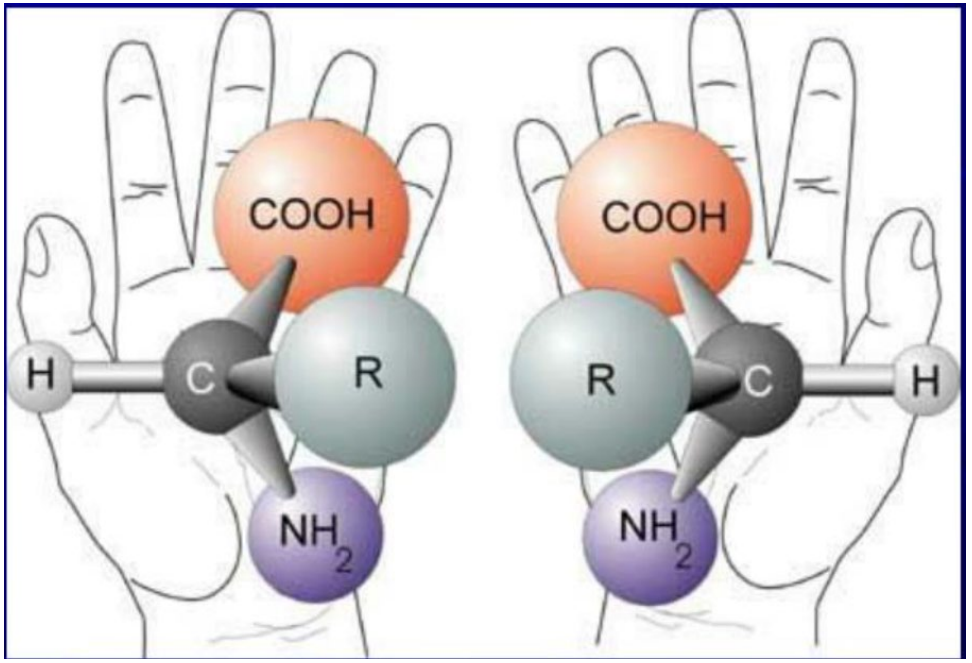
Chirality – Left Hand vs. Right Hand

- Same molecular formula but different arrangements in space



Chirality – Left Hand vs. Right Hand

- Manifestations of chirality
  - Flavor: L-aspartame (left hand) tastes sweet whereas D-aspartame (right hand) is tasteless.
  - Drug effectiveness: the antidepressant drug citalopram is sold as a racemic mixture. However, studies have shown that only the (S)-(+) left hand molecular formula (escitalopram) is responsible for the drug's beneficial effects.
  - Drug safety: D-penicillamine (right hand) is used in chelation therapy and for the treatment of rheumatoid arthritis whereas L-penicillamine (left hand) is toxic as it inhibits the action of pyridoxine, an essential B vitamin

Commercial Products

- LifeWave Products (Patches)
  - Far infrared and other forms of energy emit from human body, and are reflected back by the patches soaked with chemicals of a specific chirality
  - Photobiomodulation is at work, in which different frequencies of light or energy stimulate different biological and biochemical responses in the body

Color Therapy

- Green color helps migraines (Research led by Rodrigo Noseda at Harvard Medical School, 2016)
  Also see "Narrow band green light effects on headache, photophobia, sleep, and anxiety among migraine patients: an open-label study conducted online using daily headache diary."

- Pink color can make one lose muscle strength by 6-23% (Head Football Coach Hayden Frey knows this)

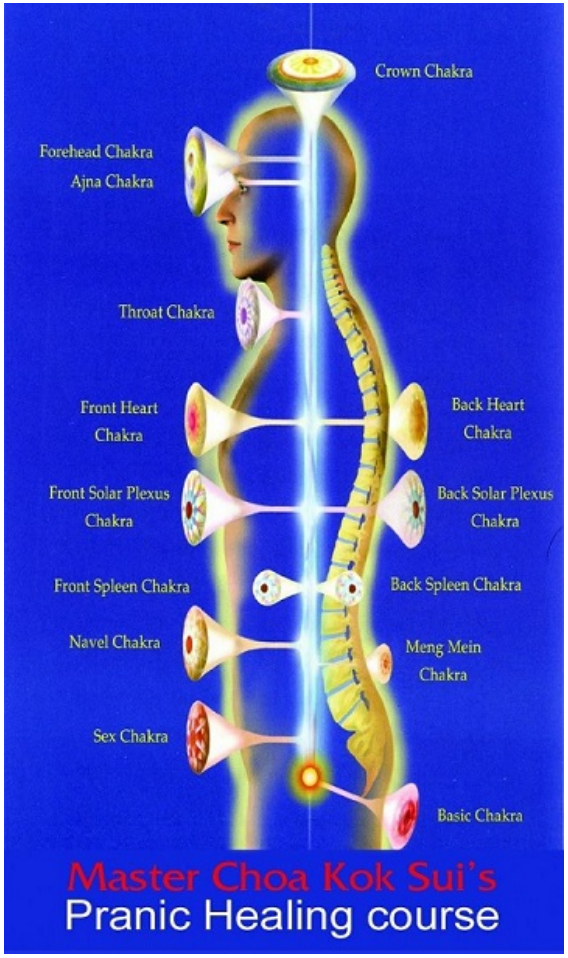
Human Energy Fields and Sex



- Energy exchanges of the sex chakras
- Improves the health of both sex (including rejuvenation effects)
- Both parties have to like and love each other
